OTTAWA, Oct. 24—(CP)—Torpedoing of the ferry steamship Caribou between Nova Scotia and Newfoundland, with 137 presumed dead, brought the war, to Canada's doorstep in grimmer and starker fashion than any previous sinking.

It was the greatest announced marine disaster of the war in Canadian coastal waters. Women and children were among those killed.

Navy Minister Macdonald in a statement on the loss of the Caribou said: "If anything were needed to prove the hideousness of Nazi warfare, surely this is it."

News of this disaster in Cabot Strait came only a few hours after word that a merchantman had been torpedoed off Metis Beach, Que., on the south shore of the St. Lawrence only 200 miles below Quebec city. This was further up the river than any previous submarine attack. Twelve seamen were lost and 18 rescued.

The army was prominently in the news with the return to Canada last week of some of the heroes of the Dieppe raid, many of them hospital cases. They received a rousing welcome on arrival in Montreal.

By-elections Coming—On the political side of the picture, observers expect two Quebec by-elections to be held Nov. 30 to show what Quebec thinks of Mr. King's recent appointments of French-speaking Cabinet ministers, and also Quebec's opinion of the "Bloc Populaire Canadien" party newly-formed by Maxime Raymond, M. P. for Beauharnois-LaPrairie.

One by-election is it Charlevoix-Saguenay, where Mme. Pierre Casgrain, widely known feminist leader, is running as Liberal candidate. The seat was held by her husband, Hon. Pierre Casgrain, prior to his appointment to the bench.

The other is in Montreal Outremont, vacated by Deputy Speaker Thomas Vieu of the House of Commons on his elevation to the Senate. Maj. Gen. L. R. LaFleche, newly-appointed Minister of National War Services, now without a seat in Commons, is expected to run there.

If Maxime Raymond enters candidates in these constitu-

encies it will be the first test of the strength of his new movement.

A third election will be held the same day—in Winnipeg North-Centre, the seat vacated by the death of J. S. Woods-worth, late C. O. F. leader.

Study groups of Conservatives in constituencies all across Canada are working on resolutions and suggestions for the forthcoming national convention of the party in Winnipeg in December. Local associations were asked to establish such groups to formulate suggestions for the party's platform at the suggestion of Rt. Hon. Arthur Meighen, national leader.

Hong Kong Lists—After long months of waiting, official information became available on the names of those taken prisoners by the Japanese when the colony was forced to surrender last December. More are expected shortly.

Canada's tightening manpower situation was brought to the fore with an announcement by Prime Minister Mackenzie King that the government has adopted a definite policy for curtailing production of gold mines.

The statement mentioned "gold mines which do not produce substantial quantities of minerals or metals essential for war purposes" and this taken to mean that mines which produce base metals as well as gold will not be affected.

Curtailment of gold mine production is only part of the picture, however. Mr. King's statement broadly mentioned the need of curtailing "non-war industries," a step foreshadowed previously by Elliott M. Little, Director of National Selective Service, and other top-ranking government men.

Plans to divert 50,000 men and woman a month into war industry are just about completed. War plants require at least 30,000 workers a month and army requirements under the draft plan are running 20,000 a month. This means that workers must be moved from non-essential to essential industry and that womanpower must be harnessed to a far greater extent than now.

LETTERS FROM THE BOYS IN UNIFORM

Dear Mr. Orris:

Though I would drop you a line and let you know how much I appreciate receiving the home town paper. I really do as it keeps me up on the local news and also lets me in on this "beef" between you and Archie Ruggles. I wait each week to see what has developed.

I am now stationed at Sydney, B. C., a short distance from Victoria and like it much better than our last camp.

Thanking you again for the paper.

Sincerely,
Ralph Isaacson.

Editorials**THE COMMANDO DAGGER**

This week the Commando Dagger, symbol of the Third Victory Loan Drive arrived in Champion. This dagger was flown to Canada from England and when Champion goes over the top in the drive it will be flown back again to become part of a Commando's equipment.

The dagger is on display in town and we suggest that every citizen go and inspect it. Pick it up and weigh it in your hand—run your finger very carefully along its edge—be careful because it has a razor keenness. Then let your mind just think about it for awhile.

It is a beautiful and terrible instrument. It is destructive and deadly. One can conjure up without effort the use to which it will be put. Some dark night perhaps it will sink to the hilt between the shoulder blades of one of our enemies. Perhaps it will be the means of saving the life of one of our boys on one of the raids on enemy territory. Yes it is terrible—and it will be put to terrible use. But it is necessary. It is just one of the many weapons that we must provide to win this war.

The dagger is a symbol. It is a symbol of what we as the people at home must do as our part in winning the war. We must give and give and give so that all the instruments and weapons necessary will go to our boys. We must buy bonds. Yes even

though we haven't got the money—we must buy bonds. We cannot leave it to the other fellow. That is the easiest way to lose this war.

"Nothing matters now but Victory." God help us if we cannot see this.

Diner: "Two eggs, please. Don't fry them a second after the white is cooked. Don't turn them over. Not too much fat. Just a small pinch of salt on each; no pepper. Well, what are you waiting for?"

Waiter: "The hen's name is Betty. Is that all right sir?"—"Kentish Mercury."

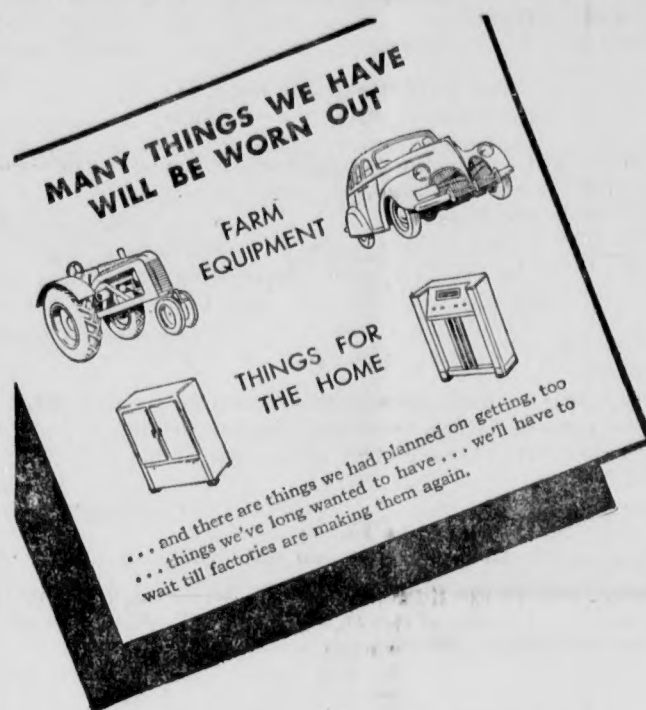

JOHN WEINZWEIG

whose outstanding ability as arranger

and composer has been recognized by the CBC, will write the special music for an important new program series, "Our Canada." The broadcasts have been written and prepared by the CBC Features Department to tell the story of Canada's growth, responsibility and achievement as a partner in democracy; a comprehensive report to the people of Canada on the meaning of nationhood within the boundaries of the great Dominion. The whole story of the people, the land and the spirit which gives the heart-beat to Canada will be told against a background of original music written by the Canadian composer, John Weinzweig. "Our Canada" will be heard weekly commencing Sunday, November 1 at 9:15 CDT (8:15 p. m. MDT) on a Coast-to-Coast network of CBC.

WE'RE GOING TO NEED SO MANY THINGS WHEN THE WAR ENDS ...things that are hard to get now

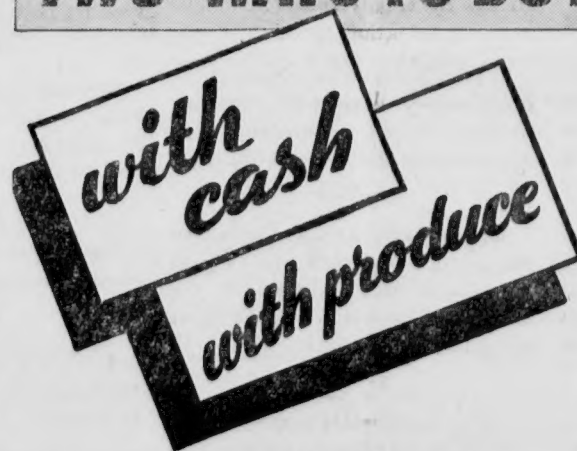

Every day, almost, we find that something else is getting scarce. So often, we are told "they're not making it any more". Factories are making guns instead of ploughs, tanks instead of tractors, planes and shells instead of stoves and beds. We'll have to replace so many things when the war ends . . . things we can't buy now.

MONEY INVESTED IN VICTORY BONDS

will provide the cash to buy them

TWO WAYS TO BUY VICTORY BONDS NOW

**—with Cash**

... in one lump sum, with money we have saved. There is no safer investment . . . no better way to protect our savings.

Or—we can buy bonds and pay for them through our banks in monthly instalments. As the instalments come due the bank will charge them to our accounts.

—with Produce

Farm folk can pay for Victory Bonds in another, convenient way—by using the "PRODUCE FOR VICTORY" TICKET. By simply signing a "Victory Ticket" you can authorize those who buy produce from you to send all or part of the proceeds to the War Finance Committee to buy Victory Bonds for you. (Ask your local War Finance worker for details.)

WHAT A VICTORY BOND IS

Look at a dollar bill. A dollar bill is like a bond. It's a promise to pay to the man who has it. You get bills when you sell things and pay them out when you buy things. A Victory Bond is "a bill" intended to be saved. When you keep a \$100.00 Victory Bond for a year you receive an additional \$3.00. (3% interest). Buy all the Victory Bonds you can—lend money to Canada to help to win the war. Save your bonds to have money for things you'll need when the war ends.

The Chronicle Tobacco Fund

This fund is for the purpose of sending cigarettes regularly to the boys of the district serving overseas in Canada's forces.

It is planned to send 300 cigarettes each month to each boy.

Money will be collected by voluntary donations made direct to the Chronicle which will be acknowledged in the paper, and through receptacles to be placed in all places of business.

Every cent of money collected will go directly for purchase of cigarettes as the Chronicle is assuming all expenses in connection with the fund.

The local I.O.D.E. chapter has kindly consented to administer the fund, that is, they will handle all monies, book-keeping and ordering.

Donations, distribution and expenditures will be published regularly in the columns of this paper.

No donation is too small to help in this work. Won't you plan to help see that our boys get enough smokes?
